

## The Discovery House Announces Launch of New Website

*California-based treatment facility's website redesigned to serve more people.*

Reseda, California ([PRWEB](#)) December 27, 2012 -- The Discovery House has launched a new website, <http://thediscoveryhouse.com/>, in order to reach more of its intended audience and provide help to those struggling with a drug or alcohol addiction. The Discovery House has spent the last few weeks rebranding the center and creating a more user-friendly website. The site's new features include more information about the treatment center, an easy-to-view [facility picture tour](#), and a [what to expect](#) guide for those entering treatment.

Visitors to The Discovery House's website will find a wealth of information about various issues connected to addiction treatment and recovery, as well as the latest methods and techniques that staff at the Discovery House use to assist clients in recovery. The site's [Discovery Blog](#) provides additional information about a wide variety of addiction topics that are important to the public. The goal of the newly designed website is to assist those seeking help find the information they need, and to encourage them to take the next steps towards recovery.

The management team at The Discovery House is happy to be able to provide information and services to many more individuals through the new website. Co-Founder and Executive Director, Tom Whiting, said, "We hope to provide much needed information on the topic of addiction and recovery to the public. Through our new website, individuals across the country and throughout the world can learn about the dangers of substance abuse addiction and how our program leads our clients through recovery."

The Discovery House is a fully licensed drug and alcohol treatment center located in Reseda, California. The Discovery House specializes in offering a full continuum of care, assisting clients in recovery, from [detox](#) through [residential treatment](#), outpatient treatment, phase 2/ transitional support and an alumni care program. Clients at The Discovery House participate in treatment that focuses on Disease Concept, Anger Management, Family Skills, Communication, Stress Management and Self-Care.

Through its holistic approach, the Discovery House helps the entire individual heal, using various programs and therapies such as the [12 step program](#), co-occurring disorders program, [family addiction program](#), music, art and mindfulness therapy, addiction nutrition and more for the recovery of drug and alcohol addiction. The administrative team of The Discovery House, as well as the center's psychiatric nurse and nine certified counselors, all work to provide clients with the very best care and help clients live a healthy sober life.
